Winter Activities

Cross-Country Skiing

Pack a lunch and make a day of it! There are groomed trails for skate and classic skiing or you can choose your own route and venture off the beaten path.

See map for trail distances and difficulty levels.

Enjoy more cross-country ski trails at Elk Ridge Resort and Great Blue Heron Provincial Park too.

Snowshoeing

Inspired by nature, snowshoes are a way to become lighter on your feet in deep snow. So, think light on your toes like a lynx or a hare! Use extra caution when snowshoeing over ice.

Please do not snowshoe on groomed ski trails.

Caution: Boardwalk and stairs on any designated winter trail are not cleared of snow.

Picnic Shelter

Need a place to warm up and have lunch? The five enclosed shelters in the park offer the perfect sanctuary for a picnic:

- Main Beach across from the Visitor Centre
- Paignton Beach on the Narrows Road
- Birch Bay on Kingsmere Road
- Crean Day Use Area at end of Crean ski trail
- Southend Campground on Kingsmere Lake

Fishing

Ice fishing season on Waskesiu Lake is open until March 31.

A valid Prince Albert National Park fishing license is required. Licenses can be purchased at the Visitor Centre.

Winter Camping

Why not spend the night? The northern sky, solitude and sense of adventure make a winter camping experience unlike any other.

Paignton Beach and Birch Bay are designated winter campgrounds with access to firewood, pit toilets and enclosed picnic shelters. Enclosed picnic shelters are shared, public spaces. Overnight camping in the shelters is prohibited. Register at the Visitor Centre before any overnight excursions, including backcountry winter camping.

Watch for signs of otter, fisher, marten, snowshoe hare and weasel too. Bird watchers can also search for the over 30 species of birds that make Prince Albert National Park their winter home.

Remember: Do not feed wildlife; they have a greater rate of survival and are healthier when they eat natural food.
